Texas Minimum State Vaccine requirements for 2022-2023

In preparation for the next school year, the Department of State Health Services and the Texas Education code require students to have **all immunizations** stated below. Parents please use this letter as your personal check off sheet. **Proof of these immunizations or a current/ original affidavit will be required at registration.**

- 5 doses of Diphtheria, Tetanus, Pertussis (DTap, DTP) ** with last dose after 4th birthday; 4 doses will be accepted if after 4th birthday; **3 doses will be accepted if the student is 7 yrs old and one dose is after 4th birthday.
- 4 Doses of Polio (OPV, IPV) **with last dose after 4th birthday;** 3 doses will be accepted if after 4th birthday
- 2 doses of Measles, Mumps, Rubella (MMR) **first dose has to be received after 1st birthday **
- 3 doses of Hepatitis B (Hep B, HBV)
- 2 doses of Varicella (Chickenpox, VAR) ** first dose has to be received after 1st birthday** - **Disregard if your child has had chickenpox – ask for the yellow information sheet and complete.**
- 2 doses of Hepatitis A (Hep A) ** with first dose received after 1st birthday**

Delay or Failure to comply with the DSHS requirements may affect your child's active enrollment to Cushing Elementary School. At this time you may email your child's records to the school Nurse. calvy@cushingisd.org
